

Russound® C-Series Module Now Available on the Compass Control®

Russound® C-Series products are now compatible with the Compass Control® System, the first fully integrated major control system built from the ground up to use Apple's iOS devices – as its backbone.

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control® system to interface with Russound® C-Series Multi-Zone Control Amps and Digital Media Streamer. Compass Control® system gives Russound C-Series users full control of the digital music library streaming to a whole house multi-room audio system, while having an integrated control system with additional video, lighting, climate, security, and automation controls.

Module Features:

- › Custom Driver available with Demo Project
- › Bi-Directional Driver over IP
- › IR Control from MCA-C Controllers
- › Tuner/Media/iPod/Audio Controls
- › Zone Control

Compass Control® FREE App
