

# Russound® XZone4, XZone70V Modules Now Available on the Compass Control® Pro

Russound® X-Zone products are now compatible with the Compass Control® Pro system, the first fully integrated major control system built from the ground up to use iOS & Android devices – as its backbone.

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control® Pro system to interface with Russound® X-Zone Audio System. Compass Control® Pro system gives Russound X-Zone users full control of the multi-room digital audio streaming audio system, while having an integrated control system with additional video, lighting, climate, security, and automation controls.

## Module Features:

- › Bi-Directional Driver over IP
- › Media Server Controls
- › Zone Control
- › EQ Controls
